

MUNICIPALITY OF CAMBRIDGE BAY

As the coronavirus (COVID-19) situation continues to evolve, the health, well-being and safety of our employees and community residents remains our primary concern. At this time, the Hamlet office and Department of Healthy Living will be closed and all non-essential staff will be working from home. These office closures are effective tomorrow, Thursday March 19, 2020 through to April 7, 2020. The Hamlet will continue to monitor the situation and will provide updates and additional information as it becomes available.

Municipal Services

Essential services will continue to be delivered. This includes water and wastewater services, household waste collection and general maintenance of roads.

While we continue to deliver essential services, we request all residents to conserve water to help reduce the burden on our Municipal Services staff.

For future updates, the Hamlet will continue to notify the public through:
