5. Delegation

a. Introduction to new Sergeant, Dmitri Malakov, RCMP

Sergeant Dmitri Malakov introduced himself. He spoke about his experiences, where he came from and places he had been with RCMP. He had policed in Cambridge Bay before and looks forward to working and helping the community in anyway he can. He let Council members know that if we need someone to talk to, he is there and that he will always be available for honest discussions.

b.- Jeannie Evalik – MEAC (Mayor's Elders Advisory Committee)

Jeannie Introduced herself and told Council she is retired, has volunteered for many years with Recreation, and is on the Board of RPAN in Nunavut. She is looking to get more involved in volunteering again.

She was originally in the MEAC, when it started 5 years ago but was told that she was not considered an elder and had to leave. She is now collecting a pension and has felt discriminated against but is now collecting a pension. She would like the Council and Committee to reconsider her to be on the MEAC.

She also congratulated the Hamlet on the opening of the Art Studio and is proud to see such a positive program for the community. One of the things she'd like to see or suggest is pictures or a welded figure of the animal to go with the street signs. Stated that some elders can't read.

Council was interested in this idea and asked the CAO to pursue it further.

9. CAO Report

- a. An appreciation letter from Julia Ogina – Drum dance group, letter was shown to Council stating that "the Hamlet and Council are appreciated for donating the use of the hall to the drum dance group".

Council stated that they were happy that culture was being preserved and taught to the next generations.

- b. The CAO presented a PowerPoint presentation about the overall strategy for the CB Maker Space (Art, Industrial Arts, Digital, Music, Sewing and Carving). The presentation focused on the acquisition of the Digital Maker Space and the fact that it can be immediately implemented.

Each community is to get Maker Space dollars that NAM and Embrace Life presented to the Smart Cities Challenge for 10 million dollars.

We have also acquired funding to hire 3 youth to be trained and to work in the Digital Makerspace which we will pursue if Council approves that concept.

c. Resignation of Councillor Savanna Moore

Council was advised that Councillor Moore has resigned for personal reasons.

10. Around the Table

- a. Councillor Gillis – Councillor Gillis stated that Council has been talking about the Vision and the Goals & Objectives for several years but Council cannot seem to get a suitable date for everyone. She suggested that the first meeting of a month would be a working session for brainstorming/open dialogue and the 2nd session of the month would be the Regular Council Meeting that formalizes the decisions to be made by Council. Councillors agreed and the next session shall be part business and part open forum.

Councillor Gillis will be out of town from November 4 to 19th.

- b. Councillor Ferguson – Just got back from work travel in the Kitikmeot, stated that Cambridge Bay is spoken of in high regard in other communities because of our projects. He heard in communities about our Small Home Smart Home Project, the Dust Control and the Arts Studio.
- c. Councillor Elias – There is talk that soon there will be no further jet service and the impact on the community shall be great. We have been notified by Canadian North that they have phased out one jet and the other will be phased out July of 2021. At that point we will have only ATR traffic. We are already seeing the effects on medical travel and food availability in

the stores and on the increased length of time for mail delivery.

Council recommends need to write another letter and to lobby the GN about this situation. We need to upgrade, lengthen and pave the Airport runway.

The text from our ICSP was reintereated:

In the absence of roads and marine infrastructure, air links provide Cambridge Bay with a lifeline to the south. In 2010, the Government of Nunavut commissioned the Cambridge Bay Airport Master Plan. The Master Plan identifies short-term (1 – 5 years), medium-term (5 – 10 years) and long-term (10+ years) priorities for improvements and renovations at the Cambridge Bay airport. Of particular interest to the Hamlet of Cambridge Bay, is the medium term (5 – 10 year) recommendation to pave the airport runway, apron and taxiways. As the regional hub for the Kitikmeot region, Cambridge Bay has experienced a steady increase in the number of scheduled flights, charter flights and cargo flights. As our population continues to increase, the number of flights to and from Cambridge Bay will continue to increase accordingly. Transition existing gravel runway, apron and taxiways to "hard surface" allowing for improve flexibility in the types of aircraft that airlines could use to serve Cambridge Bay. Additionally increase the length of runway to a minimum of 1800 metres allowing for Canadian North 737-400 type aircraft to operate on said runway. Work with Nav Canada allowing for installation of additional navigation system such as an ILS thereby allowing for reduce minimums for safe aircraft operation. This increased flexibility will lead to improved service to the community including but not limited to reduce missed approaches due to inclement weather such as fog or reduced ceiling and visibility and will decrease flight costs and cargo rates. As Cambridge Bay is the hub for the region's medevac, the ability for an aircraft transporting a patient to a hospital in Yellowknife or Edmonton to operate into the airport is of the utmost importance. It is essentially a matter of life or death. Other than for some work on the airport lighting, the Municipality has no knowledge of any continued work within the past year on the Airport Rehabilitation Project. This make over 3-years since last significant work was completed. Full runway overlay has not yet been addressed.

- d. Councillor Angohiatok – She is thankful to be selected to represent the community members. If they need driver's for municipal services on weekends or evenings, she is available.
